

MICRO NC SPOT DRILL						MICRO DRILL													
DIAMETER RANGE:		Regular Φ0.1~Φ10mm			Left hand Φ0.5~Φ3mm		Regular Φ0.04~Φ3mm			Φ0.1~Φ16mm		Φ0.2~ Φ3mm	Long Φ0.04~Φ3mm			Φ1~Φ6mm		Left hand Φ0.15~Φ3.18mm	
COATING		SCC326	SCC336	SCC426	SCC626	SCC636	SC326	SC336	SC426	SC826	SC836	SC526	SC326L	SC336L	SC426L	SC826L	SC836L	SC626	SC636
																			
Machinable material																			
Carbon steel S45C, S55C																			
Alloy steel SK,SCM, SUS																			
Pre-hardened steel NAK, HPM																			
Hardened steel ~55HRC																			
~60HRC																			
~70HRC																			
High temperature alloy																			
Copper alloy																			
Aluminum alloy																			
Resin																			
Project plastic																			
Cast metal																			
Titanium alloy																			
Fiberglass																			
Bakelite																			
Graphite																			
Zirconia																			
Monocrystalline silicon																			
Ceramics																			
Carbon fiber
